SEPTEMBER 2015, VOLUME-8, ISSUE-2

SHUFFLE YOUR BRAIN

DEPARTMENT OF INFORMATION TECHNOLOGY

DR.MAHALINGAM COLLEGE OF ENGINEERING AND TECHNOLOGY UDUMALAI ROAD, POLLACHI-642 003, TAMILNADU, INDIA.

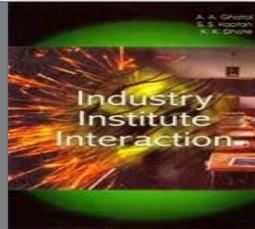

To become a Centre of Excellence in education and research in the field of Information Technology, to meet global challenges in computing industries.

- To impart world-class knowledge in the field of Information Technology.
- To promote industry-institute interactions to empower the faculty members and students.
- To support and facilitate research and development activities.
- To develop all round personality by inculcating the values and skills needed for students to upgrade themselves as IT professionals.

PROGRAMME EDUCATIONAL OBJECTIVES:

Graduates of this program will...

- •Have high level of technical competency to identify problems and to generate innovative solutions, which would conform to the needof IT industry.
- Successfully adapt to changes in roles and responsibilities, through lifelong learning, for collaborating professionally with various stakeholders.
- •Ethically apply their computing knowledge and skills considering societal, economic and environmental factors.

PROGRAMME OUTCOMES

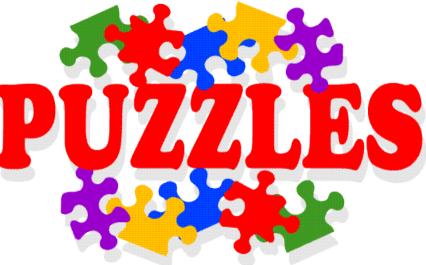

- 1. Apply knowledge of mathematics, science, engineering fundamentals and an engineering specialization in the field of Information Technology.
- 2. Identify, formulate, analyze and solve complex problems in computing industries using principles of mathematics, natural sciences and engineering sciences.
- 3. Design a software solution for complex engineering problems and design system processes to meet specific needs with appropriate consideration for public health and safety, cultural, societal, and environmental considerations.
- 4. Conduct investigations of complex problems including design of experiments, analysis and interpretation of data, and synthesis of information to provide valid conclusion.
- 5. Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- 6. Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- 7. Understanding the impact of engineering solutions in social environment and exhibit the knowledge for sustainable expansion.
- 8. Realize and bind to professional ethics and the norms of engineering practices.
- 9. Function effectively as an individual, and as a member or leader in diverse teams and in multidisciplinary settings.
- 10. Communicate with engineers and society to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions related to IT Professionals.
- 11. Demonstrate and apply the knowledge of engineering and management principles to one's own work, as a team leader or a member to manage project in multidisciplinary environments.
- 12. Recognize the need for, and have the ability to engage in independent and life-long learning in the context of technological change.

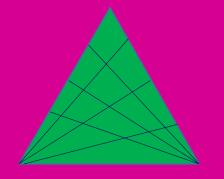

1.An exterior architect is asked by a builder to plant seven trees in a manner that there are exactly six rows of trees in a straight line and each row has three trees in particular.

Answer:

He will plant three trees as the vertices of an equilateral triangle. Now imagine an equilateral triangle. Three more trees will be planted on the center of each of the side of triangle. The remaining one tree will be planted at the centroid of the hypothetical equilateral triangle.

2. How many triangles and quadrilaterals are there in this diagram?

Answer:

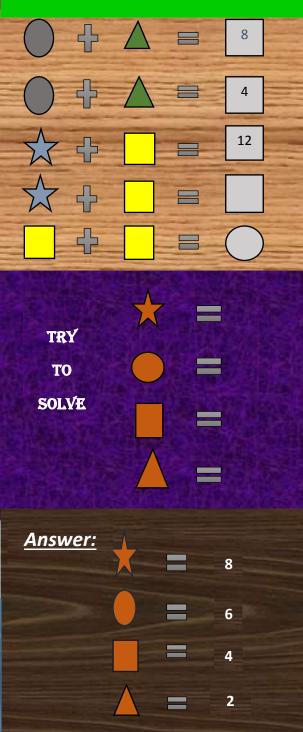

64Triangles
36Quadrilaterals
Total: 100 shapes

3. Solve it

Curiosity

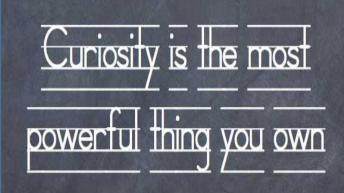

"Cloud storage is paving the way for books that are sold not by title, but by time."

Curiosity is the thing that makes us to know and gain more about a particular thing. Without curiosity, one cannot have the urge to learn more. So, it is the driving force for a person to gain knowledge, to explore more and to succeed in one's life.

Sree vidhya. E

General Quiz..

1. Which city has largest population?

Answer: Tokyo

2. Which country claim the worlds tallest building?

Answer: Malaysia, the twin Petronas Towers at 1483 feet

3. What are Alpha centauri and Sirius?

Answer: Star

4. Which country is bordered by both Atlantic and Indian ocean?

Answer: Republic of South Africa

5. Which is world's second largest country in land area?

Answer: Canada

6. What is only word in English ending in "mt"?

Answer: Dreamt

7. What is name given to process of signaling with two flags?

Answer: Semaphore

8. Which country has second largest Christian population?

Answer: USA

9. Which is largest living bird?

Answer: Ostrich

10. What is world's most popular spectator sport?

Answer: Auto Racing

11. Which company is world's largest producer of microchips?

Answer: Intel

12. What would a cartographer make?

Answer: Maps

13. How many pillars in House of Wisdom?

Answer: Seven

14. How many keys on Standard piano?

Answer: 88

15. Which country gave the Statue of Liberty to America?

Answer: France

Windows 10 is a latest operating system being developed by Microsoft as part of the Windows NT family of operating systems. It is currently in public beta testing through the Windows Insider program. During its first year availability, an upgrade to Windows 10 is offered with no charge to all end users of genuine Windows 7 service Pack 1 and Windows 8.1 update.

The goal of Windows 10 is to combine the operating system of Microsoft's PC, Windows phone, Windows Embedded and Xbox one product families, & new product categories such as the surface Hub and Holo lens, around a common internal core. The products will share What Microsoft calls a common, "Universal" application architecture and that Windows store ecosystem expands on the Runtime platform introduced by Windows 8. Windows 10 provides the integration with Microsoft services and platforms, like addition of Cortana (an intelligent personal assistant), a notification system that can be synchronized with devices, and new Xbox features. The default web browser, Microsoft Edge, also make its debut in Windows 10.

introduced The operating system new technologies and system components, including DirectX 12 and latest frameworks for biometric authentication. Unlike previous version of Windows, Microsoft is planned to treat Windows 10 as a service that will receive non-critical updates over its lifespan with the combination of periodic long-term support milestones for enterprise environments. Windows 10 includes support on Android and ios apps.
