ABOUT THE COLLEGE

Dr.Mahalingam College of Engineering and Technology (MCET) was established in the year 1998 by Dr.M.Manickam with a view to commemorate the 75th birth year of his beloved father Arutchelvar Dr.N.Mahalingam with a mission to impart high quality competency based education in Engineering & Technology to the younger generation with the required skills and abilities to face the challenging needs of the industry around the globe. MCET is a self financing, co-educational Engineering College and it is approved by AICTE, New Delhi & affiliated to Anna University. The Institute has been accredited by NAAC with A++ and 7 UG Programmes (CSE, EEE, EIE, ECE, Civil, Mech., Auto.) are accredited with Tier-1 by NBA. The MCET currently offers 10 UG, 6 PG and 5 doctoral programme in Engineering, Technology and Science.

ABOUT THE DEPARTMENT

The department of Information Technology was established in 1999, offers B.Tech (IT) programme, Affiliated to Anna University and Approved by AICTE. The faculties of the department have over 100 publications in conferences and journals like IEEE Transactions, Springer Verilog, Wiley, IET, CSI, etc. During the last five years, the department has conducted handful of National conferences, seminars and skill trainings sponsored by AICTE, CSIR, PMKVY, Infosys, TNSCST. The areas of expertise of the faculty members include Information processing, Data Base Management, Software Engineering, Web Technologies and Networking, etc.,

Our Department and EMC2, Bangalore have signed an MOU to provide training to the students in information storage management. Our department and SAP, Bangalore have signed an MOU to provide training for students on SAP products and business applications. Our department and VMware, Bangalore have signed an MoU to provide training for the students on VMware products and business applications. Our department and National Research Development Corporation have signed an MoU to provide support on patenting & technology commercialization.

Vision :

To become a Centre of Excellence in education and research in the field of Information Technology, to meet global challenges in computing industries.

Mission

- ▶ To impart world-class knowledge in the field of Information Technology.
- ▶ To promote industry-institute interactions to empower the faculty members and students.
- ▶ To support and facilitate research and development activities.
- ▶ To develop all round personality by inculcating the values and skills needed for students to upgrade themselves as IT professionals.

Programme Educational Objectives (PEOs)

The graduates will:

PEO1. Technical Expertise:

Have high level of technical competency to identify problems and to generate innovative solutions, which would conform to the needs of IT industry.

PEO2. Lifelong Learning:

Successfully adapt to changes in roles and responsibilities, through lifelong learning, for collaborating professionally with various stakeholders.

PEO3. Ethical Knowledge:

Ethically apply their computing knowledge and skills considering societal, economic and environmental factors.

- PO 1. Engineering knowledge
- PO 2. Problem analysis
- PO 3. Design/development of solutions
- PO 4. Conduct investigations of complex problems
- PO 5. Modern tool usage
- PO 6. The engineer and society
- PO 7. Environment and sustainability
- PO 8. Ethics
- PO 9. Individual and team work
- PO 10. Communication
- PO 11. Project management and finance
- PO 12. Life-long learning

Programme Specific Outcomes (PSOs)

- PSO 1. Open Source Software
- PSO 2. Data Science

InfoBee – IT Technical Association Inauguration

Report of Guest Lecture on “Data Analytics and its Future Scope”

InfoBee - IT Department Technical Association was inaugurated on **27.07.2019** by **Mr. Dhamodharan**, Data Analyst, Duratech Solution, Coimbatore. The inauguration function was followed by a guest lecture on **“Data Analytics and its Future Scope”**.

Mr. K. Balasamy, AP/IT faculty in-charge of IT Association introduced the office barriers of InfoBee for the academic year 2019 - 2020 to the gathering. **Dr. S. Ramakrishnan**, HoD/IT address the gathering. During his address, he stresses importance of participation in co-curricular and extra-curricular activities. He asked the students to participate in more activities.

The chief guest **Mr. Dhamodharan** explained the importance of Data Science Technologies in the current world. As we are in technology - driven age and we should be aware to manage the growing needs of the companies and customers with regards to the same. In such a scenario the role of data science becomes very perilous to manage the demands. He gave some real time examples like self - driven car, google newsfeed etc., Finally, he conclude with the various opportunities available in the field of Data Science.
